PARTNERSHIP HEALTH CENTER (PHC) EXECUTIVE/FINANCE COMMITTEE (EFC) MEETING MINUTES

April 3, 2024

PRESENT: Kathleen Walters, Chair

John Crawford, Vice Chair Jilayne Dunn, Secretary Joe Melvin, Treasurer **STAFF:** Lara Salazar, Chief Executive Officer (CEO)

Bryan Chalmers, Chief Financial Officer (CFO)

Stacy Newell, Recording Secretary

Marge Baack, Chief Operations Officer (COO) Jody Faircloth, Chief Infrastructure Officer (CIO) Becca Goe, Chief Innovations Officer (CINNO) Jaime Dixon, Assistant Chief Financial Officer Skye McGinty, Chief Diversity and Equity Officer

Brianne Walker, Executive Assistant

ISSUE	DISCUSSION	ACTION
CALL TO ORDER	The meeting was called to order by Kathleen Walters, Chair, at 10:33 a.m.	
PUBLIC COMMENTS	Kathleen Walters called for public comments: None heard.	*It was moved, seconded (John Crawford/Jilayne Dunn) &
	All Committee members received a copy of the <u>2/28/24 Executive/Finance Committee</u>	carried to approve the EFC
MINUTES	Meeting Minutes for review.	Meeting Minutes of 02/28/24 as presented. The vote was
EHR	 Jody Faircloth presented on Request for Proposal (RFP) and gave overview of software platform. States that we have chosen Health Choice Network (HCN) Epic out of Florida. This will be presented in full at the April board meeting with budget and up-front costs. Kathleen Walters asked when the contract will be signed; states it's currently in review with Attorney Justin Cole. The goal is to sign it no later than the end of May, with a go live scheduled for February 2025. Kathleen Walters asked what work is required to implement and if there is a lot of training for staff required. They've given us an outline of the various stages of transitioning but we're the first eCW transfer they've done, so could take longer. When the Florida site converted to HCN, they closed the clinic for an entire day for training with training modules tailored to each staff members' job duty assigned; then a soft opening over the weekend – went live and had only one patient per hour for the first week to give staff time to get comfortable. Lara Salazar stated there will be a full presentation at the upcoming Board Meeting in addition to a request to approve the purchase. Marge Baack reported the Clinical Informatics team will help with implementation. 	unanimous.

	 Jilayne Dunn inquired about the cost and if there are monthly fees. There are additional costs in the first year with archiving which adds \$140K to overall \$604K. May also use Spectrum as a secondary backup internet in the event of downtimes. Jilayne Dunn asked if they provide ongoing support. Answer is yes, there have been IT support issues in the past with eCW and partnering with HCN will provide a good path in the future. Thus far, they have been more responsive. HCN and OCHIN also receive federal funding from HRSA and work with other FQHC's. Jilayne Dunn asked if a patient portal is available through HCN. Yes, it has MyChart. Marge Baack stated that patient engagement with the portal through MyChart will likely improve as it is more user friendly. Only 17% of the patients are on our current portal. 	
INTRODUCTION	Skye McGinty was introduced as our new Chief Diversity and Equity Officer (CDEO). Skye gave overview of her background.	
AUDIT	Auditors want to present in person to this committee on June 6 th (rather than June 5 th). They will then do a virtual presentation to the Board on June 14 th .	*Committee ag
CFO REPORT	All Committee members received a copy of the February Financial Statement in the	

CFO REPOR

packet for review. Bryan Chalmers reported the following:

- February was a good month. Historical monthly revenue reported. Volume wise, doing well. Still feeling side effects of Medicaid re-determination. Revenue was up in February. Had grant growth so overall, revenue was within 1% of the budget.
- Salaries and wages typically around \$130k light; was around \$280k light.
- Pharmacy was down due to lower PBM fees (Pharmacy Benefit Managers).
- Total revenue was at about 8% less. Cash position was exhibited. Capital was displayed. Budget Variance of 2.3%. Payor mix described.

FY2025 BUDGET

Bryan Chalmers distributed detailed FY2025 Budget reports to all committee members (see attached) and reported the following:

- Missoula County requested earlier approval as they're implementing a new timeline which will also help engage the community more.
- Encounters: Described historical process for encounter calculations and stated the department heads worked on their own this year (i.e. for every 2080 hours there is an expectation for an "x" number of visits). Seeing significant growth in encounters – we either have an abundance of providers or increase in demand. The

greed

question we need to answer, is how much staff is needed for the demand we're experiencing.

- Jilayne Dunn clarified that the old versus new methodology of calculations don't match. Correct, the demand side is untested. We're seeing an increase in volumes compared with last year but have multiple outside factors to improve access.
- o Jilayne Dunn asked what the variance is. Working on processes to accomplish adding 4,000 patients.
- o John Crawford advised that we will likely see an increase in Medicaid applicants from Seeley Lake which will impact demand.
- o Bryan Chalmers reported there was a 12% growth rate with new positions, the Trinity Clinic and dental. We'll do more testing and data gathering, to be reviewed in May and adjust as needed. Lara Salazar advised that market studies have been completed.
- Full Time Equivalencies (FTE): We receive more staffing requests than we can accommodate. An HRIS (Human Resources Information System) would be very beneficial. Attempted to cap FTE's at 295; last year was 298 with a 6% vacancy rate. We are currently at 277 hired FTE's with 11 external offers waiting response which puts us at 288. If we use cap, that leaves 7 positions available. Increased FTEs to 307 but will need to review roster to prioritize the order in which we hire and the importance of whom we hire. There is a mechanism in place if someone has an urgent need. Lara Salazar stated the plan is to create efficiencies to allow staff to do more with less. One department head is willing to give up 3000 hours but will re-evaluate if not working.
 - Jilayne Dunn asked what the process is for evaluating efficiencies. Bryan
 Chalmers stated we have a worksheet to track. Marge Baack reports we are
 implementing LEAN process improvement to solve problems and identify
 duplications.
 - Jilayne Dunn asked if the methodology of having staff and leaders involved in process is successful. Marge Baack advised that LEAN is a proven process with helping us identify the goal and assisting front line staff with developing strategies to obtain that goal.
- Grants: Grant total reviewed.
 - Joe Melvin remarked that there is a large increase in grants for 2025. Bryan Chalmers gave clarification of grant revenue. Becca Goe advised some of the grants listed are not yet secured.
 - o Kathleen Walters asked if we can apply for more if wanted. Yes, but if you get the grant, it may not go towards exactly what you want to be doing and may increase your workload in other areas.

- Jilayne Dunn stated she would like to see a financial and HR software be implemented. This is in the capital budget and the County is inviting us into their process of selecting new software. Jaime Dixon reports they have narrowed it to two options, hoping they'll select Workday. Unclear currently if we will get all aspects of autonomy needed; this has been requested. Lara Salazar expressed concerns of receiving inaccurate information and it slowing down our processes. Also concern for mixing of PHI (Protected Health Information) which doesn't feel acceptable. All of the systems need to be interoperable due to the reporting requirements but unclear if that is going to be the case with the County's choice. Timeline is also a concern with a go-live date of April 2025. There is consideration for doing a standalone software (i.e. QuickBooks or other) in the interim but the transfer would be a heavy lift.
- Jilayne Dunn inquired if the County was receptive. They were protective.
 They were open to listen but need more education and information. There is an under-estimation of the full spectrum/complexity of PHC services.
- o Jilayne Dunn asked if there is a software out there that could stand alone that we would be overseeing. All expenses go through their system and is co-mingled with all of their cash. Unlikely if they would be open to an export feed with the current system.
- <u>Significant loss projected:</u> IT side is a deferred maintenance side. Using new and anticipated payor mix. Volume gain was eaten up by discounted reimbursement.
- 330 Budget in Grant Line: Unknown how much of the \$1.8 billion HRSA grant we will receive. There is \$7.8 million in grants secured; leaving \$1.6 unsecured.
- Interest Income: No interest income in this budget. There was a discussion with the County and it was stated that historically those interest dollars are used to pay for the services. In 2023, our interest yielded \$1 million. Prior to that, it was at \$200k-600k. For FY2024, if we apply the interest rate anticipated, it would be approximately \$600k. The County reports they don't distribute interest to their departments. When asked about an MOU (Memorandum of Understanding), we were told the County doesn't do MOU's with itself. Justin Cole advised that HRSA documents that the custodial-ship of those funds should lie with the FQHC's Board. There could be some compliance issues, and an audit finding; Justin Cole is researching further. Lara Salazar reported the County is requesting we provide them with a proposal with what we want to have happen with those interest dollars. We have requested they provide an estimate of the services the interest covers. Stacy Newell stated they did a calculation at one point with detailed time tracking. Jilayne Dunn recommended a request for cost allocation by department for our services.

	Kathleen Walters vacated the meeting at 11:49AM.	
	 Personnel: Reflects 307 FTE's with a 2% salary raise and average salary of \$69k. Other lines: Relatively static and based on volumes. Computer: Up \$1 million (reconciliation seen at bottom of graph). There was approximately \$400k that we wanted to carve out but it was left in with the idea of hiring a new contractor. Contractual: Used historical data – researching ways to decrease this. Outreach: Decreased in some areas, increased in others. Training and Tuition: Increased but there could be the potential that utilization doesn't happen. Transportation: Budget was for \$60k but coming in at \$120k; this is due to increase in patient transportation. Net Income Loss: \$4.3 million Principle: Cash loss of \$3.7 million; discounted two months of productivity loss due to EMR implementation. Direct Operating Loss: \$2.2 million; budgeted at \$1.6 million. Cash: Cash per day expected to be \$134; currently at \$119. Reserves, Deferred, COVID Collections: reported Capital Projects: Jilayne Dunn asked if some of the capital projects are carried over. Yes, some are ongoing, some are new. Unclear what will land in this year versus next year. 	
	Lara Salazar reported she is out of town for the upcoming April 12 th Board Meeting. Dr Quirk to facilitate.	
NEXT BOARD AGENDA	The <u>draft agenda</u> for the Friday, April 12, 2024, Board Meeting was reviewed. The next Executive/Finance Committee meeting will be May 01, 2024.	*It was moved, seconded (John
NEXT MEETING	The meeting was adjourned by John Crawford at 12:05 p.m.	Crawford/Joe Melvin) & carried to approve the April Board
ADJOURNMENT	Respectfully submitted,	Meeting Agenda. The vote was unanimous.
* Indicates motions made and accepted.	Jilayne Dunn, Board Secretary Brianne Walker, Recording Secretary

Other: notes regarding expense variances-

Month to Date:

Vaccines:

Dependent on the County posting timeline.

Prescription Drugs:

Utilized \$43,796 of inventory during the month, cost of goods sold expensed

Postage:

Higher than expected charge-back from Missoula County for postage services

Contracted Services:

Wrap-insurance for out of scope services paid, \$17,770.

Feasibility study, \$5,000.

Mountain Home Montana childcare renovations, using DPHHS grant \$4,816.

Year to Date:

Computers:

- -Budgeted \$26,200 bamboo hr: not yet purchased
- -Budgeted \$30,000 QS1 change: not yet purchased
- -Budgeted \$7,500 Pharmacy security system upgrade: not yet purchased
- -Budgeted \$8,800 for early childhood or childcare: not purchasing

Equipment Non-Capital:

Budgeted \$25,700 for childcare: not occurring

Budgeted \$36,452 for Trinity Medical: largely has not yet occurred

Vaccines:

Increased volume, and cost, particularly for pneumovax

Utilities:

Budgeted for a large increase in expense based on information at time of fiscal year 2024 budget preparation. Vendors may not impose these increases.

Audit Fees:

Budgeted \$25,000 340B audit: has not occurred

Contracted Services:

Budgeted engineering fees: largely not yet occurring

Budgeted \$35,000 for early childhood development: not occurring

Rent:

Budgeted \$25,680 for childcare: not occurring

Key Talking Points Mar-24

Key Utilization

Total Encounters Month to Date (MTD) are 6,155 with a Budget of 6,280.

Year to Date (YTD) total is 53,102 and the Budget is 55,622 for a % variance of -4.5.

The prior YTD total was 50009. Year to Date and Prior Year ratio 106.2%.

Total Medical Encounters MTD are 3,931 with a Budget of 3,857.

YTD total is 33,263 and the Budget is 34,166 for a % variance of -2.6.

The prior YTD total was 32,322. Year to Date and Prior Year ratio 102.9%.

Total Behavioral Health Encounters MTD are 846 with a Budget of 957.

YTD Total is 8,206 and the Budget is 8,477 for a % variance of -3.2.

The prior YTD total was 6,975 Year to Date and Prior Year ratio 117.6%.

Total School Based Behavioral Health Encounters MTD are 103 with a Budget of 104.

YTD Total is 715 and the Budget is 922 for a % variance of -22.4.

The prior YTD total was 562 Year to Date and Prior Year ratio 127.2%.

Total Dental Encounters MTD are 1,162 with a Budget of 1,231.

YTD Total is 9,856 and the Budget is 10,904 for a % variance of -9.6.

The prior YTD total was 9,014 Year to Date and Prior Year ratio 109.3%.

Pharmacy Prescriptions Filled MTD are 10,437 with a Budget of 9,787.

YTD Total is 91,791 and the Budget is 86,688 for a % variance of 5.9.

The prior YTD total was 85,926 Year to Date and Prior Year ratio 106.8%.

Balance Sheet

Consolidated Days Cash on Hand is 235.5 days calculating available cash and investments of \$28.07m.

Operating cash is \$25.27m for 212 days, and the capital fund is \$2.81m for 23.6 days.

* the formula is based on all calendar days, not just business days.

Days in Accounts Receivable are 52, and the current receivable balance is \$2,815,678.

Clinical AR is presented gross and does not include an adjustment for assessment of collectability.

Revenue and Expense

Fee Revenue for the month totaled \$2.54m with a Budget of \$2.93m for a % variance of -13.3%.

YTD Fee Revenue is \$24.33m with a Budget of \$26.35m for a % variance of -7.7%.

The prior YTD revenue was \$24.35m for a % variance of -0.1%.

Total Revenue for the month is \$3.36m with a Budget of \$3.78m for a % variance of -11.2%.

YTD Total Revenue is \$31.13m with a Budget of \$34m for a % variance of -8.5%.

Expenses for the month totaled \$3.78m with a Budget of \$3.96m for a % variance of -4.6%.

YTD expenses are \$33.18m with a Budget of \$35.67m for a % variance of -7%.

The prior YTD expenses are \$31.06m for a variance of 3.5%.

Net Income for the month is \$-421,317 with a Budget of \$-184,054 for a % variance of 128.91%.

YTD Net Income is \$-2,054,244 with a Budget of \$-1,656,497 for a % variance of 24.01%.

Capital Reserve Interest revenue posted for the month is \$13,932

Title: GASB 96 POLICY & PROCEDURES SUBSCRIPTION-BASED INFORMATION

TECHNOLOGY ARRANGEMENTS

Section: Financial Management

Effective date: 07/2022 Last reviewed: 04/2024

Next revision:

Status: Draft
Reference: N/A
Lead author: CFO

PURPOSE

PURPOSE:

The purpose of this policy is for Partnership Health Center to follow the Governmental Accounting Standards Board (GASB) guidelines for GASB 96 when classifying Subscription-Based Information Technology Arrangements (SBITA). GASB 96 established a definition for SBITAs and provides uniform guidance for accounting and financial reporting. GASB 96 improves the comparability, relevance, and reliability of financial statements.

POLICY/PROCEDURES

DEFINITION

A SBITA is defined as a contract that conveys control of the right to use another party's IT software, alone or in combination with tangible assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction. All software contracts meeting GASB 96 criteria must report a liability and an intangible right to use asset as of July 1, 2022. Additionally, essential information about the arrangement must be disclosed on the financial statements.

TERMINOLOGY

- 1. Control of the Right to Use requires both a right to obtain service capacity from the use of the underlying IT asset and the right to determine the nature and manner of use of the underlying asset.
- 2. IT Software subscription-based information technology arrangements, commonly include provisions such as remote access to software applications or cloud data storage and allows for temporary use that ends when the subscription expires.
- 3. Period of Time the subscription term is the period of time that PHC has a non-cancellable right to use the underlying IT asset plus any period that PHC or the vendor have the option to extend the contract and it is reasonably certain that the option will be exercised. The term also includes any period in which either PHC or the vendor have the option to terminate the contract, if reasonably certain the option will not be exercised by either party.

Email: hello@phc.missoula.mt.us

EXCLUSIONS

- 1. Standalone IT Support/Maintenance service contracts that do not include the right to use an underlying asset. These costs should be expensed.
- 2. Contracts that convey control of right to use IT software and tangible assets that meet the definition of a lease in GASB Statement 87, where the software component is insignificant compared to the cost of the underlying tangible capital asset (i.e. a computer with operating software or a smart copier that is connected to an IT system).
 - 3. Short-term SBITA contracts under 12 months, including exercised renewal periods.
- 4. Contracts that meet the definition of public-private and public-public partnership and availability payment arrangements in GASB Statement 94.
- 5. Licensing arrangements that provide a perpetual license to use a vendor's software, which are subject to GASB 51. A perpetual agreement gives the buyer the right to use the software for an indefinite period of time (in perpetuity).
- 6. Providing other entities the right to use PHC's IT software and associated tangible capital assets through SBITAs.

DETERMINATION CRITERIA

IT related contracts must be reviewed to determine whether they meet the definition of SBITA and ascertain the correct category: short-term SBITA (under 12 months, including exercised renewal periods) or other than short-term SBITA (GASB 96). In making this determination July 1, 2022 is considered the commencement of the subscription term if the actual subscription started before that date. If the remaining term for a subscription is 12 months or less from July 1, 2022, the subscription should be reported as a short-term SBITA and thus excluded from GASB 96.

- 1. Determine if the software contract is excluded (see above).
- 2. Determine the subscription term. The term starts at the date of implementation July 1, 2022 or the date PHC gets control of the subscription asset (able to access the software application).

The term includes:

- Periods in which PHC or the vendor have the option to renew or extend the contract, if reasonably certain the option will be exercised.
 - · Non-cancelable period during which PHC has a right to use the underlying asset.

· Any period in which either PHC or the vendor have the option to terminate the contract, if reasonably certain the option will not be exercised.

The term excludes:

- · Cancelable periods for which either PHC or the vendor have an option to terminate the contract without permission from the other party
- 3. Determine the fixed and fixed in substance payment amounts. If there is an agreement to pay the same amount for 1-100 users that would be considered "fixed" in substance. Variable payments based on number of users that can vary during the term do not qualify and should be expensed.
- 4. Determine the incremental borrowing rate if the implicit interest rate on the SBITA is unknown or not explicitly stated in the contract use the three month T-Bill rate.
- 5. Determine if the software contract is significant and should be accounted for under GASB 96 criteria. Subscription liability should be initially measured at the present value of subscription payments expected to be made during the subscription term. The subscription asset should be initially measured as the sum of:
 - the initial subscription liability amount
 - · payments made to the vendor at the commencement of the subscription term
- · capitalized implementation costs (configuration, installation) less any incentives received from the vendor at or before the commencement of the subscription term.

SBITA CAPITALIZATION THRESHOLD

A subscription asset and subscription liability should be calculated for contracts with \$50,000 or more in total upfront or future subscription payments from July 1, 2022 (or the date the subscription begins if after July 1, 2022) to the end of the subscription term.

CONTRACTS THAT CONTAIN MULTIPLE COMPONENTS

- 1. Exclude payments for non-subscription components (i.e. perpetual licensing arrangement and IT maintenance services).
- 2. If the costs for subscription and non-subscription components can't easily be separated then those components should be accounted for as a single SBITA unit.
 - 3. Subscription components with different terms should be accounted for as separate contracts

4

Email: hello@phc.missoula.mt.us

4. Consolidate same SBITA contracts when they are subscribed to at the same time with an identical vendor.

SBITA ACCOUNTING

- 1. PHC will prepare an amortization schedule for each SBITA to split the subscription payments between liability and interest expense over the life of the SBITA.
- 2. PHC will recognize a subscription liability and a subscription asset at the commencement of the subscription term.
- 3. PHC will reduce the subscription liability via journal vouchers at fiscal year-end during the life of the SBITA.
- 4. SBITAs will not be recorded on the Prepaid Expenses spreadsheet to avoid duplicate information on financial statements.
 - 5. Notes to financial statements are required. They should include:
- · A general description of the SBITAs, including the basis, term and conditions on which variable payments not included in the measurement of the subscription liability are determined.
- The total amount of subscription assets and related accumulated amortizations, disclosed separately from other capital assets.
- The amount of outflows of resources recognized in the reporting period for variable payments not previously included in the measurement of the subscription liability.
- The amount of outflows of resources recognized in the reporting period for other payments, such as termination penalties, not previously included in the measurement of the subscription liability.
- · Principal and interest requirements to maturity, presented separately, for the subscription liability for each of the five subsequent fiscal years and in five-year increments thereafter.
 - · Commitments under SBITAs before the commencement of the subscription term.
 - The components of any loss associated with an impairment.

PRINCIPLES OF PRACTICE

Chief Executive Officer
Discretionary Authorization
(Draft)

Title: CHIEF EXECUTIVE OFFICER DISCRETIONARY AUTHORIZATION

Section: Financial Management

Effective date: 07/2001
Last reviewed: 05/2022
Next revision: 05/2024
Status: Draft
Reference: N/A

Lead author: Controller

PURPOSE

In order to allow for unanticipated situations not accounted for during the budget process, the **Chief Executive Officer** Executive Director has the authority to allocate funds to manage the situation.

POLICY/PROCEDURES

- 1. Whenever an unanticipated situation requires funding, the **Chief Executive Officer Executive**Director has the authority to authorize up to \$25,000 in spending to manage the situation.
- The Chief Executive Officer Executive Director will notify the Executive/Finance Committee
 at the next scheduled meeting of such action and will work with the Chief Financial Officer to
 prepare the necessary budget amendment.
- The Chief Executive Officer Executive Director also has the authority to transfer funds between budgeted line items as necessary and to report the change to the Board of Directors at the next meeting.

Federal Grant Drawdown (Draft)

FEDERAL GRANT DRAWDOWN Title:

Financial Management

Section: Effective date: Last reviewed: Next revision: 06/2018 03/2022 03/2024 Status: Reference: Lead author: Draft N/A CFO

PURPOSE

To properly record and track cash withdrawals of grant funds in accordance with Federal, State, and Granting Agency requirements. Appropriate records will be maintained and accurate information will be available to staff and external entities as needed.

POLICY/PROCEDURES

The following serves as a general guideline for proper recording, utilization, and tracking of federal cash drawdowns to ensure timely and accurate reporting, and to provide information for administrative and programmatic decision-making.

- 1. Partnership Health Center draws down federal funds approximately once per month
 - Expenditures of federal award funds are allowable in accordance with the terms and conditions of the federal award and with the federal cost principles in 45 CFR Part 75 Subpart E.
- 2. The Chief Financial Officer (CFO) supervises the drawdown process but may designate members of the finance department to perform various steps required to assure accurate drawdowns.
- 3. The Ryan White Senior Community Health Specialist submits on a regular basis both in-house claims and out of house contract service claims.
 - Out of house claims are coded by an Accounting Specialist and submitted to the Missoula
 County Payables Department where the claims are processed and checks are cut.
 - b. In house claims are processed by the Accounting Specialist. During the month, the Accounting Specialist reviews claims data submitted by the RW Senior Community Health Specialist and makes the appropriate posting and adjustments to patient accounts. After expense review by the CFO, the Accounting Specialist will post any necessary adjustments.
- The CFO, or designee, will verify that program income is and expenses are accounted for and recorded to the Ryan White project code in the Missoula County general ledger accounting system.

Email: hello@phc.missoula.mt.us

Web: partnershiphealthcenter.org

Healthy People, Strong Communities

- 5. The CFO or designee will run a cumulative financial report showing cash received and allowable expenses from Missoula County's accounting system. GSA on a monthly-basis. Using that data, the CFO or designee will maintain an Excel spreadsheet where income and expenses for the program are tracked for easier reporting. Csark farws might be for personnel and non-personnel expenditures consistent with the HRSA-approved scope of project budget.
- 6. Federal drawdowns are limited to the minimum amounts needed to cover allowable project costs. Drawdowns will be limited to expense reimbursement for the current period which is derived from the Missoula County general ledger accounting system GSA and compiled on a grant reconciliation spreadsheet. There will be no federal draw downs for amounts in excess of those expenses calculated for the monthly accounting period (i.e., will not be made to cover future expenditures.)
- 1. Once the amount of funds to be drawn down is determined, these step are to be followed:
 - a. CFO (or Controller if unavailable) will log onto Payment Management Systems (PMS) website.
 - b. Complete the request for federal funds.
 - c. Print electronic and/or paper copy of report(s) from website.
 - d. Save electronic copies of documents in Federal Grant Drawdown folder. File paper copy in a grants folder to be kept in the CFO's office and attach electronic copy as a screen shot to grant reconciliation spreadsheet.
- The CFO (or Controller if unavailable) will notify Missoula County Finance Department that
 a drawdown has been requested and will provide a line item detail to allow proper posting of
 funds to the general ledger. in CSA.
- Missoula County Finance Department will receive Electronic Funds Transfer (EFT) notification.
 They will post the cash as outlined in the previous step.
- The CFO or Controller monitors the general ledger to verify when cash was received and the amount received.
- 4. The CFO (or Controller if unavailable) will perform annual the quarterly reconciliations and prepare the Federal Financial Report (FFR) on an annual -quarterly basis in the Pay Management System. Print electronic and/or paper copy of FFR. Paper copy is filed in a grants folder to be kept in the CFO's office. Electronic copy is attached as a screen shot to grant reconciliation spreadsheet.

Annual Budget Development (Draft)

Title: ANNUAL BUDGET DEVELOPMENT

Section: Financial Management

Effective date: 07/2001
Last reviewed: 03/2022
Next revision: 03/2024
Status: Draft
Reference: N/A
Lead author: CFO

PURPOSE

Partnership Health Center will develop an annual budget which identifies the costs associated with the Federal grant award consistent with Federal Cost Principles and any other requirements or restrictions on the use of Federal funding. The Federal portion of revenues and costs will be combined with all other non-Federal sources of income and expense to encompass the "total annual operating budget".

POLICY/PROCEDURES

PHC will prepare the annual budget according to the following timeline:

- The PHC Chief Financial Officer will begin preliminary budget preparations in coordination with grant deadlines for the upcoming fiscal year. Such preparation will include projections of each line item in the current operational budget. Projections will be based on analysis of historical data, current year data, trends and known information about the upcoming fiscal year.
- 2. The Chief Financial Officer will incorporate goals and objectives developed in the strategic plan from the organization-wide planning process.
- 3. The Chief Financial Officer will prepare and finalize the federal Health Center Program budget330 budget in coordination with the Chief Executive Officer Executive Director as well as receive guidance from the PHC Board of Directors and Board of Director's Finance Committee throughout the budget preparation process.
- 4. The final Health Center Program budget330 budget will be ready for Board approval at the first available board meeting, and incorporated into the Bureau of Primary Health Care Section 330 Community Health Center grant application to be submitted by the established Federal guideline.
- 5. The Chief Executive Officer Executive Director and Chief Financial Officer will work to develop the proposed total annual operating budget (Fiscal Year July through June) which is submitted to Missoula County via the County's budget format request within the timeline specified by the Missoula County Budget Team and Missoula County Board of County Commissioners. The Health Center Program budget330 budget is incorporated into the total operating budget which is submitted to Missoula County after review by PHC's Board of Director's Finance Committee and upon recommendation submitted to the PHC's full Board for approval. Once approved, the budget is uploaded into the County's general ledger accounting system Computer Software Associates (CSA).

- The total operating budget will identify all federal and non-federal revenues and expenses by project and object code in CSA which allows for tracking of all financial activities relating to various funding sources.
- 7. Monthly budget to actual financial reports will be prepared, analyzed and communicated to all pertinent parties as necessary.
- 8. The Chief Financial Officer will keep the Board of Director and the Board of Directors Finance Committee apprised of any line items which appear to be problematic, and offer recommendations to maintain the operations within the annual budget.
- 9. The Chief Financial Officer and the Chief Executive Officer Executive Director will prepare any budget amendment requests, as required by grantor awards and contracts.
- 10. During the last quarter of each fiscal year, the Chief Financial Officer and the Chief Executive Officer Executive Director will begin the year end planning process with all pertinent parties. This process will include year-end projections and recommendations to ensure PHC closes its year within its operating budget and maximizes its available resources.

Business Reports (Approved by Board)

Title: BUSINESS REPORTS
Section: Financial Management

Effective date: 07/2001 Last reviewed: 03/2022 Next revision: 03/2024

Status: Approved by Board

Reference: N/A Lead author: CFO

PURPOSE

In order to communicate financial and operational information for effective and timely management of Partnership Health Center (PHC), a regular body of reports will be prepared and presented to the Leadership Team, Finance Committee and Board of Directors. These reports will be formatted for ease of reading, analyzing trends and facilitating forward thinking by the organization.

POLICY/PROCEDURES

The following list of reports will be prepared and presented to pertinent parties on a regular basis as follows:

- Monthly and year-to date as compared to budget financial statements. Within three months of the beginning of each fiscal year, these reports, with accompanying analysis and commentary will be prepared. They will be submitted monthly to the PHC Leadership Team, Board of Directors, and Board of Director's Finance Committee.
- Encounters: Encounter reports will be prepared monthly on a graph showing historical comparisons. This will be posted for all PHC staff to see, and submitted to each member of the Leadership Team, Board of Directors, and the Board of Director's Finance Committee. Detail information of encounters by provider will be submitted to the Medical Director and Chief Executive OfficerExecutive Director.
- 3. <u>Accounts Receivable:</u> Accounts receivable by payor will be prepared monthly. The report will show the collections on net charges. This report will be presented monthly to the Leadership Team, the Board of Directors and the Board of Director's Finance Committee.
- 4. <u>Patient (Encounter) Mix:</u> The patient (encounter) mix will be analyzed by payer category and a report showing the current mix, year to date mix and comparable historic information will be prepared monthly. This report will be presented to the Leadership Team, the Board of Directors and the Board of Director's Finance Committee.
- 5. <u>Dashboard:</u> A dashboard will be prepared to represent a snapshot of current financial and operational measures. The dashboard will assist the Leadership Team with directing and managing the financial and operational output of the organization.
- 6. Other relevant data on patient demographics will be gathered and presented to the Leadership Team, the Board of Directors and the Board of Director's Finance Committee.

Annual Review of Contract Performance Expectations (Draft)

Title: ANNUAL REVIEW OF CONTRACT PERFORMANCE EXPECTATIONS

Section: Financial Management

Effective date: 07/2002
Last reviewed: 03/2022
Next revision: 03/2024
Status: Draft
Reference: N/A
Lead author: CFO

PURPOSE

To ensure that performance expectations of all written agreements and contracts of services are met, Partnership Health Center (PHC) will conduct an annual review of the expectations.

POLICY/PROCEDURES

The PHC CEO Executive Director will evaluate and review the performance expectations of all contracts for services on an annual basis. The following performance expectations will be evaluated:

- 1. Quality of Services,
- 2. Continuity of Service,
- 3. Timely Completion of Service,
- 4. Accreditation Status, and
- 5. Adherence to Recognized Practice Standards and Guidelines.

PERFORMANCE STANDARDS:

- 1. The annual evaluation of contract performance expectations will be ongoing based on expiration date of the contract, memorandum of understanding or letters of agreement.
- 2. The PHC CEO Executive Director is responsible for obtaining appropriate signatures for all contracts, memorandums of understanding, and letters of agreement.
- All contracts, memorandums of understanding, and letters of agreement will align with the Federal Health Center Program requirements and will not limit the authority of PHC as outlined in these requirements.
- 4. All contracts, memorandums of understanding, and letters of agreement will align with conflict of interest policies as outlined in the PHC Corporate Compliance Principles of Practice.
- A signed copy of the contract, memorandum of understanding or letter of agreement will be maintained by PHC, will be filed with the Missoula County Clerk & Recorder and will be provided to the contracting party.
- Annually, the PHC CEO Executive Director will include a list of all contracts, memorandums of understanding and letters of agreement in the monthly PHC CEO Executive Director Report for review at the PHC Board of Directors Meeting.

- 7. If the annual contract evaluation reveals that performance expectations are not being met, the PHC CEO Executive Director will notify the contractor or organization of noncompliance. If assurance of compliance is not acquired by PHC from the contractor, the contract will be terminated immediately.
- 8. PHC will maintain a record of all expired contracts.

Donations (Approved by Board)

Title: DONATIONS

Section: Financial Management

Effective date: 04/2022 Last reviewed: 04/2022 Next revision: 04/2024

Status: Approved by Board Reference: N/A Lead author: Controller

PURPOSE

Partnership Health Center will account for all donations, separating funds into those without restrictions and those with restrictions.

POLICY/PROCEDURES

- 1. Upon receipt of a donation Partnership Health Center will determine if the donation is nonrestricted or has restrictions.
- 2. Donations with no restrictions will be coded to the main administrative project code. They can be used for any purpose at the discretion of Partnership Health Center
- 3. Donations with restrictions will be coded to the project code that applies to the specific purpose of the donation. Use of funds will be tracked via general ledger and spreadsheets.

Fixed Assets (Approved by Board)

Title: FIXED ASSETS

Section: Financial Management

Effective date: 07/2001 Last reviewed: 04/2022 Next revision: 04/2024

Status: Approved by Board Reference: N/A Lead author: Controller

PURPOSE

Partnership Health Center will safeguard fixed assets in a manner consistent with federal regulations and Missoula County policy.

POLICY/PROCEDURES

- 1. All fixed assets costing over \$5,000 will be tagged and added to the PHC fixed asset list.
- 2. A fixed asset inventory will be conducted prior to each annual audit. This inventory will include a physical inventory and reconciliation to the Missoula County Central Services listing.
- 3. Each fixed asset listed will include the source of funds used to purchase the assets. If a combination of sources, the percentages of participation by each source will be included.
- 4. Department Managers are responsible for notifying the Controller when an asset is no longer in use, the date it was removed, and whether it was disposed, sold, or donated. Department Managers are also responsible for providing information as to whether new equipment will be replacing the item.

Schedule of Expenditures of Federal Awards (Approved by Board)

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS Title:

Section: Financial Management

Effective date: 05/2022 Last reviewed: 05/2022 Next revision: 05/2024

Status: Approved by Board Reference: N/A Lead author: Controller

PURPOSE

Partnership Health Center will prepare the Schedule of Expenditures of Federal Awards (SEFA) as part of the annual audit. Expenditures of federal funds received directly and indirectly are listed by federal agency and program.

POLICY/PROCEDURES

- 1. The Chief Financial Officer (CFO) or designee lists all expenditures for federal awards in the fiscal year. Expenditures are recorded into two categories:
 - a. direct federal awards and
 - b. indirect federal awards (passed through state agency, local government or nonprofit entities.)
- 2. Each federal award received directly from a federal agency that had expenditures in the fiscal year is included on SEFA. The name of the federal agency, program, identifying award number, award period and assistance listing number are reported.
- 3. Each federal award received indirectly from a pass-through entity that had expenditures in the fiscal year is included on SEFA. The name of the entity in addition to the name of the federal award agency, program, identifying award number, award period and assistance listing number are reported.
- 4. The CFO or designee reports the amount of expenditures incurred in the fiscal year for each award including disbursements of federal award funds passed through to subrecipients.
- 5. The CFO or designee reconciles expenditures reported on SEFA with the general ledger.

Internal Control of Funds Received (Approved by Board)

INTERNAL CONTROL OF FUNDS RECEIVED Title:

Section: Financial Management

Effective date: 07/2001 Last reviewed: 03/2022 Next revision: 03/2024

Status: Approved by Board

Reference: Miss Lead author: CFO Missoula County Policy Statement 00-11

PURPOSE

In order to accurately account for funds received by Partnership Health

Center (PHC), duties for handling receipts will be adequately separated to

insure internal control of the funds.

POLICY/PROCEDURES

- 1. Cash payments received by the medical receptionists or clinic staff will have a receipt log filled out.
- 2. The cash drawer will be reconciled to the daily activity each night, the batch totals recorded and placed in the safe.
- 3. PHC will follow Missoula County Policy Statement 00-11 on the cash policy for unexplained overages and shortages, and for cash drawer access as follows:
- Cash reconciliation shall be accomplished daily by the person in charge of the drawer.
- · Any discrepancies must be accompanied by a reception deposit discrepancy report. The employee who experiences the discrepancy must research, reconcile and explain the discrepancy. The discrepancy form must be signed by the Patient Services Manager and included with the Balance sheet for that day.
- The cash reconciliations shall be a part of the department audit.
- All departments with cash accounts shall deposit the day's transactions intact on a daily basis (See Step 5 for variance procedure)
- Personal transactions may not be made from one's own drawer. Evidence of this will result in immediate disciplinary action or dismissal. Any personal transaction, such as making change, will require two people to transact.
- Under no circumstances shall anyone perform work related transactions in another clerk's cash drawer unless approved by the supervisor.
- No personal money shall be in or near the cash drawer.

- Any evidence supporting someone's removing cash from or inserting into a drawer will result in immediate disciplinary action or dismissal.
- 1. The accounting clerk will review the daily batch totals on the reconciliation and count the cash prior to posting the previous days' activity.
- 2. Funds received by mail will be opened by the Purchasing Agent and delivered to a member of the accounting team or an administrative assistant in the Finance office. A listing of checks will be prepared of each day's receipts. A copy of the listing and the checks will be given to an accounting specialist who will include the checks in the daily deposit.
- 3. A copy of the daily check listing and any remits will then be given to a billing specialist. The billing specialist will post patient and insurance payments in eCW or QS-1. Patient payments are applied directly to the oldest outstanding charges first. Insurance payments are posted to the date of service. Each billing specialist will be responsible to balance the daily work to the Daily Deposit Sheet (when applicable) and payments under their user name in eCW or QS-1 prior to sending their batch to the Finance Office. An accounting specialist will verify that the deposits recorded in eCW or QS-1 agrees to the prior deposit before closing out and filing with the appropriate day of work.
- 4. The accounting clerk will prepare deposits reconciling the total deposit to the cash drawer receipts and the mail receipts.
- 5. The accounting clerk will submit the deposits (Form A101) to the Missoula County Treasurer daily.
- 6. All cash (including checks) is to be kept in the safe after office hours.
- 7. The deposits (Form A101) will be subject to audit by the PHC Chief Financial Officer or designee, who will reconcile daily batch totals and mail receipt listings to the A101.
- 8. Refunds If a refund is due, a billing staff member will post the appropriate adjustment code into the practice management software. The adjustment proof, along with patient demographics, service date and site, will be used to initiate the refund check process in the Accounting Department. The billing staff member will keep a log of all adjustments made, and submit for review and approval. A refund may not be given if there is a balance on the patient's account. All refunds must be approved by the Chief Financial Officer or designee unless the refund is to be given for services that have not been rendered (i.e., patient pays nominal fee but was not seen by a provider for any reason on the same day). In that case, the Patient Services Manager has authority to approve such voids.
- 9. Funds received by Automated Clearinghouse (ACH)/Electronic Fund Transfer (EFT)
 - a. Missoula County will send daily Bank Statements indicating the ACH/EFT transactions that settled into the bank accounts.
 - b. The Staff Accountant will review the Bank Statement and reconcile with the postings in the practice management software, and the Master ERA Spreadsheet.
 - c. Billing Staff will post patient related ACH/EFT payments into the appropriate practice management software daily, and submit coding to the County via the Master ERA Spreadsheet.
 - d. Any ACH/EFT payments that are not accompanied by an Electronic Remittance Advice (ERA), will be inquired upon with the respective third party payer.

Board of Directors' Monthly Meeting

PHC Pre-Meeting Session 11:40A: To be determined

AGENDA

May 10, 2024 12:00 P.M. – 1:30 P.M.

WEINBERG CONFERENCE ROOMS | 401 Railroad St. W, Missoula

¹Partnership Health Center respectfully acknowledges that we occupy the traditional homelands of the Séliš, Qĺispé, and Ktunaxa-Ksanka nations. We also recognize that these lands are a site of trade, medicine gathering, healing, and travel for other Native tribes in the area and is still home for many Indigenous people. We extend our gratitude for those who have stewarded this land since time immemorial.

We acknowledge that the health care system has played a role in the oppression of Indigenous peoples. We commit to ongoing learning about the impact of colonization on the health and wellbeing of Indigenous peoples, and we commit to meaningful action that reverses health disparities.

²Substance Abuse and Mental Health Services Administration

(*) Enclosed in packet.

Consent Agenda: The items listed under the consent agenda (information items) are considered to be routine matters and will be approved by a single motion of the board without separate discussion. If separate discussion is desired, that item will be removed from the consent agenda and placed on the regular business agenda for discussion.

Action items (outside of Consent Agenda) are in blue.

*Board packet copies available to the Public upon request. Email: walkerb@phc.missoula.mt.us
